**TECHNOLOGY CENTER: Using the Power of Synergy at Braunform**

**CLEAN ROOM TECHNOLOGIES: Complete solutions**

inForm.Intro

Dear readers,

Did you know that already over 120 qualified employees have finished their professional education or studies at Braunform? And that approx. 65 % of them - partly in executive positions - are still working here? This figure makes us proud as a medium-sized, owner-run company. It shows that these social responsibilities are fulfilled, especially the responsibility regarding younger people – because they ensure the future and knowledge of our enterprise. Our employees are a perfect team which consists of the optimum combination of work experience, technical knowhow, flexibility and inventiveness – that's our most important asset... and yours, too.

With these introductory words and the best wishes for 2012 we welcome you to the first issue of the Braunform Newsletter. In the future we will provide you a compact update of Braunform at regular intervals of three month.

We hope you have a lot of enjoyment while reading our first Braunform Newsletter!

Erich Braun

**2011: A turbulent but also very positive year**

Not only economically Braunform did very well but also the

internal team spirit stood out very positive. Due to the positive business performance it could be invested much more in new technologies which will be a huge advantage for the future.

Milestones of the last year were the implementation of the ERP-Software "Microsoft Dynamics NAV" in spring, a building extension with new offices for the Quality Management department and lots of events in autumn. The fairs KUNSTSTOFFEN in the Netherlands and the FAKUMA in Friedrichshafen, Germany, took place and the Braunform Technology Day was a great success with over 70 participants from Germany, Switzerland, Turkey, Greece, Denmark and Great Britain.

### 23 persons celebrating their anniversary

10, 20 or even 25 years working in only one company is very special nowadays, especially in a time that is characterized by great change.

### Braunform gives 7.000 € for charity to regional projects and supports the inventor competition "Jugend forscht 2011" with the sponsoring of 3.000 €

At the end of 2010 the general management of Braunform made the amount of 10.000 € available to support charitable purposes. Employees of Braunform had the possibility to make an application for a special social institution or an association. A committee of managers and employee representatives decided on these motions. The decision has been made to three very different regional projects.

### Investment in machinery for a higher customer satisfaction – Braunform sets a new quality benchmark with the help of a Makino-5-axis control machining center

Outstanding customer benefit and a high customer satisfaction are firmly anchored in the company's philosophy as the ultimate ambition. This investment in machinery of the mold shop is another logical milestone of fulfilling the requirements of our customers reliably.
