Braunform NEWS: Always be up-to-date

inForm.Intro

Dear readers,

In a newsletter very close to Christmas you probably get many best wishes for happy holidays, a good start into the year 2013 or a review of the last few weeks and months.

But I would also like to look ahead and not only look back. I am pleased to start the new year along with you to master many tasks again. The development of Braunform will constantly continue and we also plan to follow new paths e. g. regarding to the organization, sustainability and environmental protection.

I would like to thank you for the constructive and long-term cooperation as well as for your confidence in shaping our future together. And of course finally: Merry Christmas and a Happy New Year!

Best regards

Pamela Braun
General Manager

First participation in the “Science Days”: Many wondering, interested and inquiring eyes of children at the booth of Braunform

As a regional training company Braunform has participated for the first time in the “Science Days” at the theme park

“Europa Park” near Freiburg this year. From 11th to 13th October 2012 the Science Days took place for the twelfth time. In many school classes of all ages they are very popular because of the opportunity to experience science in an age-appropriate way. Approx. 20.000 visitors participated actively in various experiments and creative activities with this year’s topic "colours".

Almost 300 years of employment with the company – Braunform honors long-term employees

In total 295 years the persons celebrating their jubilee are working at Braunform. Thereby two of them started supporting the company in its founding year. 10 or even 35 years working in only one company is a specific feature nowadays, especially in a time that is characterized by growth and great change.

On 23/11/2012 the owners and the Manager of the Braunform GmbH invited 15 persons celebrating their jubilee to a restaurant near Bahlingen. In addition to a delicious three-course menu Mr. Benz Pollmann, chairman of the works committee, presented a well-known German pop song with a rewritten text to the company, accompanied by guitar.

In this framework, Erich Braun thanked each one for "his own personal commitment and loyalty to the company." He stated that these members of staff form an important part of the success of the enterprise and can be proud of their individual contributions to the development of Braunform for sure.

Social and cultural commitment

Already for several years, Braunform has waived to send Christmas gifts to customers. Instead Braunform donates the sum of 3.000 € to the development association for children with cancer e. V. in Freiburg.

Braunform assumes its social responsibility as a regional SME: With the support of the HR and marketing team the management annually supports some projects proposed by staff. Since the 2012/2013 season Braunform is also basic sponsor of the “SC Freiburg” (First German Football League).
