Online-News for Plastics and Pharma Technologies

inForm.Intro

Dear Readers,

Beside innovative, technical solutions the decisive advantage for our medical and pharmaceutical customers is the focus of Braunform GmbH on the fulfillment of customer needs in regard to quality and highest standards.

We are very pleased and proud to inform you in this newsletter issue that Braunform GmbH successfully passed the certifications according to DIN EN ISO 15378 as well as DIN EN ISO 13485 in addition to the existing certifications according to DIN EN ISO 9001, DIN EN ISO 14001 and DIN EN ISO 50001.

The feedback of numerous discussions with customers motivated us to work on the realization and implementation of these new certifications. Our working, thinking and acting within the standards shows our understanding and striving for continuous improvement in all our processes. With this step we have set a milestone to remain a preferred partner for our customers in the long term.

We are very much looking forward to our further cooperation and wish you a beautiful spring time.

Pamela Braun

PHARMAPACK Europe in Paris

On 10th and 11th February 2016, this year's PHARMAPACK Europe took place in Paris, France. At the Paris Expo halls

our team of experts had many interesting conversations and could establish new contacts.

We would like to thank all for your visit at our booth.

30 years period of employment

On 3rd February 2016 the management of Braunform GmbH honored Edwin Benz-Pollmann for his 30 years of seniority.

Nowadays, it is a special feature to work successfully in the same company for more than 30 years. General Manager Klaus Bühler an HR Manager Oliver Bornhäuser congratulated the jubilee for his dedication, his loyalty and reliability.

Braunform GmbH congratulates apprentices for successfully passing their exam

A total of four trainees have finished their apprenticeship successfully and received their apprenticeship diploma: Dominik Kaufmann, Jonathan Kufeld, Philipp Ziser (all toolmakers) and Jannik Ams (mechatronics engineer). The performances of Dominik Kaufmann and Jonathan Kufeld are awarded with a price of the respective vocational school for an excellent average grade.
