Online-News for Plastics and Pharma Technologies

inForm.Intro

Dear Readers,

We are very proud to be awarded with the "Top Job"-seal 2017 again. We are particularly pleased about the feedback of our employees, because it is the identification with a family-run business and pride in one's own products that are of fundamental importance. As an internationally active medium-sized company, the company places its social and cultural responsibility to employees and society. The well-being and health of our employees and our social commitment are important elements of this responsibility. The renewed award of the seal shows the continuity of our HR work. We want to use the results from the benchmark as well as suggestions from the employees to work every day to get better.

In this sense we wish a nice spring time,  
Pamela Braun

### **We are proud! Braunform was appointed as the top employer for the second time**

The Company is once again one of the best employers in German SMEs and has been excellent and honored with the "Top Job" award. Wolfgang Clement, former Federal Minister of Economics and Labor (2002 to 2005), handed over the "Top Job" award to the company's representatives in the awards ceremony in Berlin.
