Molding your visions

Online-News for Plastics and Pharma Technologies

inForm.Intro

Dear Readers,

The days are getting shorter, the air cooler and the leaves colourful – the autumn is clearly noticeable and also the wine harvest here in South Baden is in full swing. After this long and dry summer, we are now going into the darker season.

For the first time, our company will be exhibiting from 9th-11th October 2018 as a mold maker at the CPHI in Madrid – the world's leading pharmaceutical platform. Come and visit us at the booth. You will find us in hall 4, booth 4C122.

Afterwards, FAKUMA will opens its door in Friedrichshafen on 16th October 2018. The world's leading technical event for industrial plastics processing takes place for the 26th time – with more than 1,900 visitors and 40,000 expected trade visitors. We are looking forward to welcome you at our booth 5207 in hall A5. We are especially pleased to present you our patented quick-change mechanism together with our partners at the nearby booth 5204 of Engel Austria GmbH.

Now we hope you enjoy reading the autumn issue of our newsletter,
Timo Steinebrunner
Head of Sales

FAKUMA 2018: Braunform GmbH (Bahlingen, Germany) presents patented quick-change mechanism at the booth of Engel Austria GmbH

At this year's FAKUMA (the international trade fair for plastics

processing from 16th to 20th October 2018 in Friedrichshafen/Germany) Braunform GmbH with partners will be presenting its patented quick-change mechanism mold technology.
