PRESS RELEASE

40 kids of employees and lots of fun „underwater“- the second activity day for children 2013

In brilliant sunshine, the second activity day for kids of Braunform employees took place in the fishing centre of Bahlingen on Friday, 26 July 2013. On the motto "Underwater" the kids made gorgeous paintings with sand, dolphin hats and sea horse hobbies in the creative corner and decorated themselves with paint and glitter tattoos. Furthermore the fishing center offered enough green area to play outside. In sunny temperatures of about 35 degrees the kids cooled down by playing water games or water bomb battles. As a little highlight at the end, a magician made great balloons in various colors and shapes of animals for the kids.

The decision of the Management of Braunform regarding a repetition of the activity day for kids of employees came quickly because the premiere last year received overwhelming feedback and some participating kids already signed up for the coming year. As part of the new training concept „Braunform – We for your future“, the trainees are responsible for the organisation and realisation of the event within a trainee project.

Braunform performed this special day for kids together with the event agency "Zauberglanz" from Freiburg, which was responsible for the professional childcare of the 40 kids of employees aged between 3-12 years and also provided the equipment.

Founded in 1977, the Braunform Group is considered to be one of the most innovative service providers of tool and die manufacturing in the plastics processing industry today. The company is distinguished by its profound understanding of technology and customer requirements, its high sense of awareness for quality, and the courage it has for continuous change.

The enterprise stands for Full Service Engineering in tool and die manufacturing, with a technical center and clean-room production facilities. The fully air-conditioned mold designer and constructor belongs to the worldwide leading companies in this area. Braunform is characterised as an ideal partner for new product ideas with thermoplastics, TPE, silicon and ceramics, by its high technological competencies in the sector of multi-component technology and MED-molds®.

The company is specialized in the manufacturing of **multi-component molds, multi-component tools, high precision molds, molds for the medical industry (MED-molds®), stack molds, as well as fast rotary tables (up to 1,400 mm diameter).**

As an acknowledged systems supplier, Braunform offers **integrated, custom-designed systems solutions with long life cycles in tool and die technology:** from the first steps in development up to sophisticated manufacturing.

There are machines available for injection molding in the **clean room, in accordance with ISO 7 und 8**, with clamping forces ranging from 650 to 2,000 kN with **Laminar Flow Facilities**, as well as automated assembly and stamping systems. In the **Technical Center**, customers may use injection molding machines with clamping forces ranging from 250 to 2,750 kN, available with both 2 component (with **silicon injection**) and 3 component applications for pre-series manufacturing.

The industries Braunform services include:

- **Personal Care**
- **Pharmaceutical + Medical**
- **Consumer Goods**
- **Automobile**
- **Electronics**
- **Sealing and Packaging**
- **Sanitary and Health.**

High quality requirements, manufacturing methods and an organisation with its **own patent team** illustrate the company's future-oriented and dynamic way of thinking which all serve to **improve the profitability of customers.**

The high demands in quality, the level of experience and the references of Braunform all stand for process-assured and cost effective solutions, the performance of which is proven in daily manufacturing and all of which are oriented to reduce price per part. The main focus is always on **process assurance, shorter cycle times, increasing output quantities and all at the highest of quality – Made in Germany.**

Braunform is a long-term oriented, family-owned company with actually over 300 employees. This is illustrated through a high reinvestment quotient and in a trainee percentage of 15% of the regular workforce.

Braunform – Innovation. Quality. Reliability.
