## PRESS RELEASE

**Braunform supports projects proposed by its employees - according to the motto "Promotion of youth from the region".**

At the beginning of this year, all Braunform GmbH employees had the opportunity to propose a support for an organization, a project or something similar. The 2,500 euros provided by the management were then allocated to individual projects by a committee. Financial support was thus given to the support association of the primary school in Wyhl, the youth football department of TuS Königschaffhausen, the primary school in Sasbach, the kindergarten in Jechtingen, the forest kindergarten in Haslach and the youth fire brigade in Kirnbach.

The elementary school in Wyhl receives 500 € for the redesign of the schoolyard. Furthermore, the youth department of the TuS Königschaffhausen is supported with 500 € for the purchase of youth goals. The design of a mosaic dragon for the primary school in Sasbach as part of the 72-hour campaign was funded with the same amount. The youngest children of the kindergarten in Jechtingen receive 300 € for the purchase of play equipment for the care of small children. The wood kindergarten in Haslach gets a lot of handicraft tools for 200 €. And last but not least, the Kirnbach youth fire brigade also receives financial support for the purchase of uniform T-shirts.

**Image overview:**

The approx. 18 meter long mosaic dragon is the eye-catcher on the schoolyard of the primary school in Sasbach.

Many employees used the opportunity to present projects from their environment. (with personnel manager Oliver Bornhäuser on the left)

## Braunform at a Glance

Founded in 1977, the Braunform Group is considered to be one of the most innovative service providers of tool and die manufacturing in the plastics processing industry today. The company is distinguished by its profound understanding of technology and customer requirements, its high sense of awareness for quality, and the courage it has for continuous change.

The enterprise stands for Full Service Engineering in tool and die manufacturing, with a technical center and clean-room production facilities. The fully air-conditioned mold designer and constructor belongs to the worldwide leading companies in this area. Braunform is characterised as an ideal partner for new product ideas with thermoplastics, TPE, silicon and ceramics, by its high technological competencies in the sector of multi-component technology and MED-molds®.

The company is specialized in the manufacturing of **multi-component molds, multi-component tools, high precision molds, molds for the medical industry (MED-molds®), stack molds, as well as fast rotary tables (up to 1,400 mm diameter).**

As an acknowledged systems supplier, Braunform offers **integrated, custom-designed systems solutions with long life cycles in tool and die technology:** from the first steps in development up to sophisticated manufacturing.

There are machines available for injection molding in the **clean room, in accordance with ISO 7 und 8**, with clamping forces ranging from 650 to 2,000 kN with **Laminar Flow Facilities**, as well as automated assembly and stamping systems. In the **Technical Center**, customers may use injection molding machines with clamping forces ranging from 250 to 4000 kN, available with both 2 component (with **silicon injection**) and 3 component applications for pre-series manufacturing.

The industries Braunform services include:

- **Personal Care**
- **Pharmaceutical + Medical**
- **Consumer Goods**
- **Automobile**
- **Electronics**
- **Sealing and Packaging**
- **Sanitary and Health.**

High quality requirements, manufacturing methods and an organisation with its **own patent team** illustrate the company's future-oriented and dynamic way of thinking which all serve to **improve the profitability of customers.**

The high demands in quality, the level of experience and the references of Braunform all stand for process-assured and cost effective solutions, the performance of which is proven in daily manufacturing and all of which are oriented to reduce price per part. The main focus is always on **process assurance, shorter cycle times, increasing output quantities and all at the highest of quality – Made in Germany.**

Braunform is a long-term oriented, family-owned company with actually over 300 employees. This is illustrated through a high reinvestment quotient and in a trainee percentage of 15% of the regular workforce.

**Braunform – Innovation. Quality. Reliability.**
