## PRESS RELEASE

### The third Braunform Children's Day 2014 in the wild jungle

This year the weather has caused some worries but on the 1st summer holiday day all clouds were gone and a total of 46 employee children aged 3 to 11 years flocked to this year's children's day at 11 am according to the motto "wild jungle". Some of the children have already been to a Braunform Children's Day, others have waited impatiently to be allowed to participate for the first time. At the end of the day everyone was amazed and already noted the date for the next Braunform Children's Day in their parents' calendar.

Painted with glitter tattoos, the little ones threw water bombs at wild jungle animals and had a spider race. Afterwards, exhausted by the tortures and dangers of the jungle, they had books read to them on the cuddly blanket or they creatively realized their dreams by painting the common jungle house. Of course, they have to recover from these exertions during a common lunch with delicious food.

The annual Braunform Children's Day has meanwhile become a permanent institution at the beginning of the summer holidays and is organized and supervised by a team of trainees from Braunform GmbH accompanied by the personnel and marketing department. Braunform performed this special day for kids together with the event agency "Zaubergranz" from Freiburg, which was responsible for the professional childcare of the 46 children aged 3-11 and also provided the equipment.

## Braunform at a Glance

Founded in 1977, today Braunform is with more than **315 employees** considered to be an innovative leader in the plastics processing industry. The precision mold shop is distinguished by its profound understanding of technology and sophisticated customer requirements as well as its high sense of awareness for quality.

The company stands for **Full Service Engineering** in mold manufacturing, starting with the development right up to the qualification and to a demanding clean room production. The fully air-conditioned mold shop with the latest production technology belongs to the world leading facilities for mold technology. The industries Braunform services include **Pharma, Personal Care, Consumer Goods, Packaging, Automotive, Electric and Water Technology**.

The company is specialized in the manufacturing of **multi-component molds, multi-cavity molds, stack molds, molds for the medical industry (MED-molds®)**, as well as fast and long-life **rotary tables**. In addition Braunform is characterized as an ideal partner for new product ideas with **thermoplastics, TPE, silicone** and **ceramic**. For the pharmaceutical industry Braunform offers sophisticated manufacturing processes including automated assembly and stamping systems in clean rooms ISO class 7 + 8. In the **Technology center**, customers may use injection mold machines with 2 component (with silicone injection) and 3 component applications for pre-series manufacturing.

Due to the project management and the full-service engineering **shortest time-to-market times** become possible and **costs** are **significantly reduced**. The main focus is always on **process assurance, shorter cycle times, increasing output quantities and all at the highest of quality - Engineering made in Germany**.

Braunform is a long-term oriented, family-owned company. This is illustrated through a high reinvestment quotient and in a trainee percentage of 13% of the regular workforce.

**Braunform – Connected to people. At home in the region. In demand worldwide.**
