PRESS RELEASE

Braunform supports charitable projects in the region which have been proposed by staff – Higher sponsoring payment of 3.000 € due to the employees participation at the Freiburg Marathon.

The General Management of Braunform GmbH donates an amount of 3.000 € for charitable projects and nonprofit associations. Suggestions for this came from the immediate environment of the employees with projects that are close to their hearts. Unlike last year, the management couples the sponsoring amount to the kilometers run by employees at the Freiburg Marathon. Due to ten half-marathon runners and two company relay teams, the management increases the budget up to 3.000 €. A committee of management and employee representatives has established the following distribution: Four sport associations are supported with 1.500 €, a kindergarten with 500 € and a youth club with 300 €. Furthermore the company will donate an amount of 700 € for the integrated academy "Hofgut Himmelreich". This association gives handicapped young people the opportunity for a vocational preparation in the hotel and catering industry.

Braunform at a Glance

Founded in 1977, today Braunform is with more than **315 employees** considered to be an innovative leader in the plastics processing industry. The precision mold shop is distinguished by its profound understanding of technology and sophisticated customer requirements as well as its high sense of awareness for quality.

The company stands for **Full Service Engineering** in mold manufacturing, starting with the development right up to the qualification and to a demanding clean room production. The fully air-conditioned mold shop with the latest production technology belongs to the world leading facilities for mold technology. The industries Braunform services include **Pharma, Personal Care, Consumer Goods, Packaging, Automotive, Electric and Water Technology**.

The company is specialized in the manufacturing of **multi-component molds, multi-cavity molds, stack molds, molds for the medical industry (MED-molds®)**, as well as fast and long-life **rotary tables**. In addition Braunform is characterized as an ideal partner for new product ideas with **thermoplastics, TPE, silicone and ceramic**. For the pharmaceutical industry Braunform offers sophisticated manufacturing processes including automated assembly and stamping systems in clean rooms ISO class 7 + 8. In the **Technology center**, customers may use injection mold machines with 2 component (with silicone injection) and 3 component applications for pre-series manufacturing.

Due to the project management and the full-service engineering **shortest time-to-market times** become possible and **costs** are **significantly reduced**. The main focus is always on **process assurance, shorter cycle times, increasing output quantities and all at the highest of quality - Engineering made in Germany**.

Braunform is a long-term oriented, family-owned company. This is illustrated through a high reinvestment quotient and in a trainee percentage of 13% of the regular workforce.

Braunform – Connected to people. At home in the region. In demand worldwide.
