

PRESS RELEASE

Braunform GmbH congratulates apprentices for successfully passing their exam

A total of four trainees have finished their apprenticeship successfully and received their apprenticeship diploma: Dominik Kaufmann, Jonathan Kufeld, Philipp Ziser (all toolmakers) and Jannik Ams (mechatronics engineer). The performances of Dominik Kaufmann and Jonathan Kufeld are awarded with a price of the respective vocational school for an excellent average grade.

Following their three-and-a-half year apprenticeship all of them are taken over in a permanent employment relationship. Their next career step will be started in various departments of the company, such as milling department, cylindrical grinding, die-sinking EDM and technical services.

The field of training has a long tradition at Braunform as the company invests in its future since many years by offering various training occupations in the technical and commercial field. Since the beginning as a company that takes on trainees, already more than 150 qualified employees finished their apprenticeship successfully and could be taken over in a field of application afterwards. The great importance of education work also shows in the annual training day in July that aims on getting the possibility to gain an insight into the company as well as the offered apprenticeships at Braunform company.

Braunform has always placed great emphasis on the quality of education and apprenticeship of young people. 15 apprentices are intensively trained and taught each year of apprenticeship. On average, more than 40 apprentices and students of DHBW passed through their education in the company in parallel.
