

## PRESS RELEASE

---

### **Braunform GmbH honors long-standing employee**

#### **Axel Häuber looks back on 40 years at Braunform.**

In June 2018, the management of the medium-sized company honors the second employee with a seniority of 40 years. Axel Häuber is one of the pillars of the company, which has developed from a solid craft business to one of the leading industrial companies in the mold-making industry since its founding. As one of the longest-serving employees and the first trainee, Axel Häuber has experienced and contributed to the growth and technological progress of Braunform GmbH.

Such a long period of employment stands for a high solidarity with the company, but also for motivation and enthusiasm at work. Company founder Erich Braun and managing director Klaus Bühler thank the jubilee for his long-time commitment and loyalty. "Know-how carriers like Axel Häuber are indispensable as reliable and loyal supports", says Erich Braun.

At Braunform GmbH, which now is with 375 employees, qualification and further training as well as self-responsibility are of highest priority.

## **Braunform at a Glance**

Founded in 1977, today Braunform is with **375 employees** considered to be an innovative leader in the plastics processing industry. The precision mold shop is distinguished by its profound understanding of technology and sophisticated customer requirements as well as its high sense of awareness for quality.

The company stands for **Full Service Engineering** in mold manufacturing, starting with the development right up to the qualification and to a demanding clean room production. The fully air-conditioned mold shop with the latest production technology belongs to the world leading facilities for mold technology. The industries Braunform services include **Pharma, Personal Care, Consumer Goods, Packaging, Automotive, Electric and Water Technology**.

The company is specialized in the manufacturing of **multi-component molds, multi-cavity molds, stack molds, molds for the medical industry (MED Mold®)**, as well as fast and long-life **rotary tables**. In addition Braunform is characterized as an ideal partner for new product ideas with **thermoplastics, TPE, silicone** and **ceramic**. For the pharmaceutical industry Braunform offers sophisticated manufacturing processes including automated assembly and stamping systems in clean rooms GMP C and D. In the **Technology center**, customers may use injection mold machines with 2 component (with silicone injection) and 3 component applications for pre-series manufacturing.

Due to the project management and the full-service engineering **shortest time-to-market times** become possible and **costs** are **significantly reduced**. The main focus is always on **process assurance, shorter cycle times, increasing output quantities and all at the highest of quality - Engineering made in Germany**. The company is certified according to DIN EN 13485 / 15378 / 9001 / 14001 / 50001.

Braunform is a long-term oriented, family-owned company. This is illustrated through a high reinvestment quotient and in a trainee percentage of 12 % of the regular workforce.

**Braunform – Connected to people. At home in the region. In demand worldwide.**
