## PRESS RELEASE

---

### Thanks for years of commitment

In June 2021, the management of Braunform GmbH honored Edgar Meyer for his 25 years of service to the company. The tool specialist has contributed a great deal to the company with his dedicated commitment and professional skills, and it is impossible to imagine the company without him as a bearer of know-how. "The expertise of long-standing employees is of great importance to us and contributes significantly to our success," says Managing Director Pamela Braun. Company Founder Erich Braun also thanked Edgar Meyer for his absolute reliability and commitment to the company.

At Braunform GmbH, which now is with 380 employees, qualification and further training as well as self-responsibility are of highest priority. Many of the employees of Braunform GmbH are loyal to the company for decades. This is the success of a strategy of continuity, fairness, loyalty and reliability.

In 1996, Edgar Meyer started his career at Braunform GmbH in the milling department. After gaining some experience in the CAM department, he became head of the milling department at the beginning of 2002. Since 2005, the tool expert has been actively supporting the final assembly of the mold shop as an assembler. This position in particular, which demands a high degree of know-how and precision from the employee, has thus found its perfect occupant. Thanks to his balanced and confident manner, he has always a solution ready and is the man who puts the finishing touches to the injection mold.

## Braunform at a glance

Founded in 1977, Braunform with 380 employees is now considered to be an important employer in the region. The long-term oriented family-owned company based in Bahlingen and Endingen am Kaiserstuhl is an industrial solution provider and strategic partner in the field of injection molds. Braunform is one of the world's leading companies in the plastics processing industry and has set itself the goal of manufacturing injection molds with which - according to the current state of the art - plastic as a raw material has no alternative or is more resource-friendly than the possible alternative. The fully air-conditioned precision mold shop with the latest production technology serves industries such as Pharma, Personal Care, Water Technology and Automotive. In addition, pharmaceutical products are produced in state-of-the-art clean rooms with highest quality standards for customers worldwide.

The certified company relies entirely on "Engineering Made in Germany" and a high trainee percentage (12 %). The sustainability statement, which is firmly anchored in the company's policy, commits Braunform to constantly improving its own CO2 footprint. The company's corporate health management as well as the social commitment are given high priority. As one of the best employers in the field of SME's in Germany, Braunform received the "Top Job" award for the third time in 2020, after 2014 and 2017.
