

## PRESS RELEASE

---

### Honor for 25 years of seniority

In July 2021, the management of Braunform GmbH honored Patrick Kurz for his special commitment: He has been loyal to the company for 25 years.

Such a long seniority stands for a high level of loyalty, but also for motivation and enthusiasm for the work. "Especially in our fast-moving times, employees who have been loyal to our company for years are of immense value to us because of their many years of experience," says Pamela Braun, owner and managing director. She explains that employees like Patrick Kurz are the foundation of the company's success. Erich Braun, founder of the family business, also personally thanked the jubilarian once again for his commitment, absolute reliability and collegiality.

At Braunform GmbH, which now is with 380 employees, qualification and further training as well as self-responsibility are of highest priority. Many of the employees of Braunform GmbH are loyal to the company for decades. This is the success of a strategy of continuity, fairness, loyalty and reliability.

Patrick Kurz has been working in the purchasing department since the beginning of his employment in 1996. He initially worked as a commercial employee, until 10 years later, due to his extensive experience and sovereign manner, he took over the management of the purchasing and logistics departments and thus has overall responsibility for the materials management area under him to this day. The passionate sportsman competes in sporting events for the Braunform team, among others, and is also very active in mountain biking.

## **Braunform at a glance**

Founded in 1977, Braunform with 380 employees is now considered to be an important employer in the region. The long-term oriented family-owned company based in Bahlingen and Endingen am Kaiserstuhl is an industrial solution provider and strategic partner in the field of injection molds. Braunform is one of the world's leading companies in the plastics processing industry and has set itself the goal of manufacturing injection molds with which - according to the current state of the art - plastic as a raw material has no alternative or is more resource-friendly than the possible alternative. The fully air-conditioned precision mold shop with the latest production technology serves industries such as Pharma, Personal Care, Water Technology and Automotive. In addition, pharmaceutical products are produced in state-of-the-art clean rooms with highest quality standards for customers worldwide.

The certified company relies entirely on "Engineering Made in Germany" and a high trainee percentage (14 %). The sustainability statement, which is firmly anchored in the company's policy, commits Braunform to constantly improving its own CO2 footprint. The company's corporate health management as well as the social commitment are given high priority. As one of the best employers in the field of SME's in Germany, Braunform received the "Top Job" award for the third time in 2020, after 2014 and 2017.
