

## PRESS RELEASE

---

### Employees' children on a discovery tour in nature

Just in time for the start of the summer holidays and at summer temperatures, the 8th Braunform Children's Day took place on Friday, July 29, 2022. Under the motto "Pure Nature", the focus was on playfully experiencing this colorful world.

After a two-year break due to the pandemic, the organization team was eagerly awaiting the 8th Children's Day. A total of 21 employee children aged 3 to 12 flocked to the „Anglerheim“ in Bahlingen at 8 a.m. full of anticipation to explore the secrets of nature. Decorated with children's make-up & glitter tattoos, the children were transformed into a wide variety of insects in keeping with the theme. In the handicraft workshop, the children could plant their own herb pots and build an insect hotel. Board games, large wooden games and children's vehicles provided lots of fun and action. The creative workshop was colorful and full of ideas. Original masterpieces were created here with natural materials, which could be taken home as a souvenir of this day. In addition to the popular painting area, the painting of a joint playhouse was also very popular with young and old. A cozy rest area with blankets, pillows and books invited to rest and relax. In addition, the „Anglerheim“ offered sufficient green space for playing and romping. After a joint lunch, an ice cream truck provided a sweet cooling. At the end of the day, everyone was thrilled and has already noted the date for the next Braunform Children's Day in their parents' calendars.

The annual Braunform Children's Day has become a constant institution at the beginning of the summer holidays and is organized and supervised by a team of apprentices with the support of the HR and marketing department. This year's Children's Day of the medium-sized company was performed together with the children's event agency Proki from Freiburg, which was responsible for the professional childcare of the kids of employees and also provided the equipment.

Excitement, fun and action at the 8th Braunform Children's Day

### **Braunform at a glance**

Braunform GmbH, founded in 1977 by Erich Braun in Bahlingen a. K., today is one of the world's leading partners in the field of plastic mold making. The long-term oriented family business has made it its goal to produce injection molds for whose end products - according to today's standards - plastic as a raw material is without alternative or more resource-saving than the possible alternative. The unique selling point of the mold-shop is the pharmaceutical production in own clean rooms according to GMP C and D. Today, Braunform GmbH is managed by Mrs. Pamela Braun (Managing Partner) and Mr. Emmanuel Foyer (General Manager). With 365 employees, the company is considered to be an important employer in the region in the southwest of Germany.

### **Mission Statement**

Molding Your Visions: We mold the needs of our customers. We provide solutions to effectively produce our customers' products using clean, state-of-the-art technology with core competencies in mold making, injection molding and full service.

### **Braunform in Detail**

Braunform specializes in the production of multi-component molds, multi-cavity molds, stack molds, molds for medical technology (MED Mold®) as well as fast, long-lasting rotary tables. The fully air-conditioned precision mold shop with state-of-the-art production technology serves – amongst others – industries like pharmaceutical, personal care, water technology, electrical and automotive. For the pharmaceutical industry, sophisticated manufacturing processes, including automated assembly and stamping, are implemented in state-of-the-art clean rooms in accordance with GMP C and D. In our own technology center, injection molding machines for 2K (with silicone gating) and 3K applications can be used for pre-series production. Due to project management and full-service engineering, shortest time-to-market times are made possible and costs are significantly reduced. Key elements are process reliability, shorter cycle times, increased output and highest product quality in combination with support and consulting for sustainable production processes. The company is certified according to DIN EN 13485 / 15378 / 9001 / 14001 / 50001.

The company is fully committed to "Engineering Made in Germany". This includes not only a highly qualified, enthusiastic team and a high proportion of apprentices (10%), but also highest quality and technological leadership. The declaration of sustainability, which is firmly anchored in the company's policy, commits the company to constantly improving its own CO2 footprint. In 2020, the company was also awarded a silver medal by the sustainability platform "Ecovadis". Both company health care and social commitment are given high priority. As one of the best employers in Germany, Braunform received the "Top Job" award for the third time in 2020, following 2014 and 2017.
