

PRESS RELEASE

New General Manager at Braunform

Joachim Stiller new General Manager at Braunform GmbH – He is responsible for the mold shop since September 2022.

Braunform GmbH gains a further General Manager who will continue the successful history of the family-owned company Braunform GmbH.

Since September 1, 2022, Joachim Stiller (Dipl. Ing. Mechanical Engineering), together with the long-standing General Manager Emmanuel Foyer, forms the dual management of Braunform GmbH and is responsible for the mold shop of the company. This ensures that the company is managed by experienced industry leaders in the spirit of the owner family Braun.

With more than 30 years of professional experience, Joachim Stiller has held management positions in various companies since 1999. Most recently, he was COO for 13 years at a globally active mold making company for medical applications in Switzerland.

Pamela Braun, long-time Managing Director and shareholder, will step into the Board of Directors of the company in the near future. Here she represents the owner family together with her father and founder of the company, Erich Braun, and will continue to shape the strategic direction of the company. Both will remain strongly connected with the company and will furthermore ensure that the corporate culture that characterizes Braunform and is appreciated by its customers and business partners is continued.

This new management team is a further step to ensure the continuity of Braunform GmbH and preserve the company's goal of remaining an independent and successful family business in the long term.

Career Joachim Stiller:

1990-1993 | Design Engineer at company Schlafhorst AG&CO

1993-1997 | Project Manager at company Schlafhorst AG&CO

1997-1999 | Head of New Development at company Schlafhorst Winding Systems GmbH

1999-2003 | COO at company Schlafhorst Winding Systems GmbH

2003-2007 | Managing Director at company Singulus Emould

2005-2008 | CEO at company Singulus Molding AG

2009- August 2022 | COO at company Schöttli AG

Braunform at a glance

Braunform GmbH, founded in 1977 by Erich Braun in Bahlingen a. K., today is one of the world's leading partners in the field of plastic mold making. The long-term oriented family business has made it its goal to produce injection molds for whose end products - according to today's standards - plastic as a raw material is without alternative or more resource-saving than the possible alternative. The unique selling point of the mold-shop is the pharmaceutical production in own clean rooms according to GMP C and D. Today, Braunform GmbH is managed by Pamela Braun (Managing Partner), Emmanuel Foyer (General Manager) and Joachim Stiller (General Manager). With 365 employees, the company is considered to be an important employer in the region in the southwest of Germany.

Mission Statement

Molding Your Visions: We mold the needs of our customers. We provide solutions to effectively produce our customers' products using clean, state-of-the-art technology with core competencies in mold making, injection molding and full service.

Braunform in Detail

Braunform specializes in the production of multi-component molds, multi-cavity molds, stack molds, molds for medical technology (MED Mold®) as well as fast, long-lasting rotary tables. The fully air-conditioned precision mold shop with state-of-the-art production technology serves – amongst others – industries like pharmaceutical, personal care, water technology, electrical and automotive. For the pharmaceutical industry, sophisticated manufacturing processes, including automated assembly and stamping, are implemented in state-of-the-art clean rooms in accordance with GMP C and D. In our own technology center, injection molding machines for 2K (with silicone gating) and 3K applications can be used for pre-series production. Due to project management and full-service engineering, shortest time-to-market times are made possible and costs are significantly reduced. Key elements are process reliability, shorter cycle times, increased output and highest product quality in combination

with support and consulting for sustainable production processes. The company is certified according to DIN EN 13485 / 15378 / 9001 / 14001 / 50001.

The company is fully committed to "Engineering Made in Germany". This includes not only a highly qualified, enthusiastic team and a high proportion of apprentices (10%), but also highest quality and technological leadership. The declaration of sustainability, which is firmly anchored in the company's policy, commits the company to constantly improving its own CO2 footprint. In 2020, the company was also awarded a silver medal by the sustainability platform "Ecovadis". Both company health care and social commitment are given high priority. As one of the best employers in Germany, Braunform received the "Top Job" award for the third time in 2020, following 2014 and 2017.
