

## PRESS RELEASE

---

### Braunform honors 25 years of service to the company

Employees who have shown loyalty to a company for 25 years are a special feature these days. For this reason, the management honors Axel Wolfspurger for his long-time commitment. He began his career at Braunform in 1998 in the logistics department. To this day, his area of responsibility includes the complete dispatch processing, the execution of incoming and outgoing goods inspections, the professional handling and storage of hazardous materials, the supervision of storage space management as well as internal transport and the provision of required materials for the production area. He regularly spends his free time in his caravan at Schluchsee - nature and relaxation are the motto here.

The management of Braunform GmbH would like to express its sincere thanks to Axel Wolfspurger for his loyalty and for the years of pleasant and professional cooperation, his commitment and the services he has rendered. The staff joins in the congratulations.

"As an owner-managed family business, we are particularly proud of our long-standing employees. They are pillars of the company and contribute significantly to our success with their immense know-how," says owner and managing director Pamela Braun. Qualified employees are indispensable in order to remain competitive in the future. For this reason, internal further training measures play an essential role at Braunform in addition to training. The medium-sized company pays maximum attention to the satisfaction and loyalty of the existing staff to the company.

## **Braunform at a glance**

Braunform GmbH, founded in 1977 by Erich Braun in Bahlingen a. K., today is one of the world's leading partners in the field of plastic mold making. The long-term oriented family business has made it its goal to produce injection molds for whose end products - according to today's standards - plastic as a raw material is without alternative or more resource-saving than the possible alternative. The unique selling point of the mold-shop is the pharmaceutical production in own clean rooms according to GMP C and D. Today, Braunform GmbH is managed by Mrs. Pamela Braun (Managing Partner), Mr. Emmanuel Foyer (General Manager) and Mr. Joachim Stiller (General Manager). With 365 employees, the company is considered to be an important employer in the region in the southwest of Germany.

## **Mission Statement**

Molding Your Visions: We mold the needs of our customers. We provide solutions to effectively produce our customers' products using clean, state-of-the-art technology with core competencies in mold making, injection molding and full service.

## **Braunform in Detail**

Braunform specializes in the production of multi-component molds, multi-cavity molds, stack molds, molds for medical technology (MED Mold®) as well as fast, long-lasting rotary tables. The fully air-conditioned precision mold shop with state-of-the-art production technology serves – amongst others – industries like pharmaceutical, personal care, water technology, electrical and automotive. For the pharmaceutical industry, sophisticated manufacturing processes, including automated assembly and stamping, are implemented in state-of-the-art clean rooms in accordance with GMP C and D. In our own technology center, injection molding machines for 2K (with silicone gating) and 3K applications can be used for pre-series production. Due to project management and full-service engineering, shortest time-to-market times are made possible and costs are significantly reduced. Key elements are process reliability, shorter cycle times, increased output and highest product quality in combination with support and consulting for sustainable production processes. The company is certified according to DIN EN 13485 / 15378 / 9001 / 14001 / 50001.

The company is fully committed to "Engineering Made in Germany". This includes not only a highly qualified, enthusiastic team and a high proportion of apprentices (10%), but also highest quality and technological leadership. The declaration of sustainability, which is firmly anchored in the company's policy, commits the company to constantly improving its own CO2 footprint. In 2020, the company was also awarded a silver medal by the sustainability platform "Ecovadis". Both company health care and social commitment are given high priority. As one of the best employers in Germany, Braunform received the "Top Job" award for the third time in 2020, following 2014 and 2017.
