

PRESS RELEASE

Successful Completion: New Skilled Workers Start Their Careers at Braunform

This success is based on a close integration of theory and practice, individual support, and a modern training concept that specifically prepares trainees for the demands of the industry. Braunform GmbH is pleased to announce the successful graduation of several apprentices again this year. The management proudly congratulates the new skilled workers on passing their final exams and receiving their journeyman certificates – a significant milestone on their path to a professional future.

Tool Mechanics with a Future

Jannik Merling, Marvin Schneider and Max Henninger have successfully completed their training as tool mechanics. All three have been offered permanent positions and are now strengthening various departments within the company:

Jannik Merling & Marvin Schneider – modification and repair department

Max Henninger – assembly

New Paths for Mechatronics Technicians

Dennis Reif and Florian Fischer, who successfully completed their training as mechatronics technicians, have decided to pursue new professional opportunities outside the company. Braunform sincerely thanks the newly qualified technicians for their dedication and achievements during their training period.

Recognition for Outstanding Performance

All graduates were honored by the vocational school with praise or awards for their achievements – an impressive proof to their personal commitment and the high quality of training at Braunform. This training is characterized by a strong link between theory and practice, personalized support, and a modern concept tailored to the needs of the industry.

Braunform GmbH is proud of its young professionals and sees them as a cornerstone for the company's future development. Their solid training lays the foundation for a successful career and at the same time strengthens Braunform's innovative strength and competitiveness.

Braunform at a glance

Braunform GmbH was founded in 1977 by the Erich Braun family in Bahlingen am Kaiserstuhl and is one of the world's leading partners in the field of plastic mold making today. As innovative company in the plastics industry, Braunform develops and manufactures high-precision injection molds that enable customers to produce sophisticated end products efficiently and reliably. With more than 30 years of experience in the pharmaceutical and medical market, Braunform has established itself as a reliable partner for these highly regulated industries. A particularly unique selling point is the company's own MED Mold® standard - a quality promise for maximum precision and cleanroom suitability.

A further unique selling point of the mold-shop is the production in own clean rooms according to GMP C and D. Braunform GmbH is currently managed by Ms. Pamela Braun (Managing Partner), Mr. Emmanuel Foyer (Managing Director) and Joachim Stiller (Managing Director). With around 380 employees, Braunform is a major employer in the South Baden region and stands for sustainable growth, technological excellence and social responsibility.
