

PRESS RELEASE

Since 1996 On Board: Edgar Meyer Celebrates 30 Years with Braunform

Some careers represent far more than just a number, and Edgar Meyer's is a perfect example. For three decades, he has been an integral part of Braunform GmbH, contributing significantly to the company's success through his expertise, dedication, and calm, dependable approach.

Edgar began his career in the milling department, where he quickly developed extensive technical expertise. He subsequently gained experience in CAM programming before assuming the role of Head of the Milling Department in early 2002. In this position, he was responsible for production processes, quality standards, and team organization. In 2005, he transitioned to the final assembly department, where he continues to work today. This crucial stage brings together all individual components and ensures that each mold is precisely adjusted and fully optimized before delivery to the customer.

His colleagues particularly value his balanced personality and reliability. Even in challenging situations, Edgar remains composed and focused, consistently finding practical and effective solutions. With his keen eye for detail, he helps ensure that every tool is delivered to customers with the highest levels of accuracy, functionality, and quality.

"Remaining committed and dependable over such a long period of time is truly remarkable," says Managing Director Pamela Braun. "Edgar Meyer has experienced our company from many different perspectives, and he contributes this wealth of knowledge and experience to his work every single day."

Today, Braunform employs around 370 people. Employees like Edgar Meyer exemplify the company's continuous development and the extensive expertise that has grown within the organization over the years.

Braunform at a glance

Braunform GmbH was founded in 1977 by the Erich Braun family in Bahlingen a. K. / Germany and is one of the world's leading partners in the field of plastic mold making today. The company develops and manufactures high-precision injection molds that enable customers to manufacture sophisticated products efficiently and reliably.

What began as a regional family business is now a global partner, particularly for the pharmaceutical industry. Using state-of-the-art technology and highest precision, the company designs and manufactures injection molds that enable the production of pharmaceutical products – thereby contributing to improving the quality of life worldwide.

With over 30 years of experience in the pharmaceutical and medical market, Braunform has established itself as a reliable partner for these highly regulated industries. A unique selling point is the company's own MED Mold® standard – a quality promise for maximum precision and cleanroom suitability. Another unique selling point of the mold making division is the production of pharmaceutical technology in its own cleanrooms in accordance with GMP C and D.

Braunform GmbH is currently managed by Ms. Pamela Braun (Managing Partner), Mr. Emmanuel Foyer (Managing Director) and Joachim Stiller (Managing Director). With around 370 employees, Braunform is a major employer in the South Baden region and stands for sustainable growth, technological excellence and social responsibility.
