PRESS RELEASE

30 Years at Braunform: From Fax Machines to the digital workplace

Three decades with the same company. What once seemed commonplace has become a remarkable achievement today. Braunform GmbH proudly congratulates Sandra Wagner and Jörg Müller on their 30-year work anniversary. Both joined Braunform on October 1, 1996, and have since been part of a journey that has shaped not only their own careers, but also the development of the company.

From Order Processing to International Customer Support

When Sandra Wagner started at Braunform in 1996, order management looked very different from today. Email communication was still in its infancy, business processes were far less digitalized, and many decisions were coordinated in person. Working in Order Management, she supported customers from the pharmaceutical, personal care, automotive, and electrical industries, ensuring the reliable execution of customer projects.

Following her parental leave, she moved into Purchasing before joining the Sales Operations team, where she continues to support both national and international customers on commercial matters. Her greatest asset is something that cannot be taught: 30 years of experience at Braunform. With her calm and professional approach, extensive expertise, and strong understanding of customer needs, she is a highly valued contact for customers and colleagues alike.

Still Passionate After Three Decades

After successfully completing his apprenticeship as a moldmaker and obtaining his master craftsman qualification, Jörg Müller worked in several areas of the company before moving into the Design Department. For many years, he has been responsible for supporting and developing sophisticated molding projects.

His expertise extends far beyond project work. For many years, he has also shared his knowledge with the next generation by serving as a trainer and mentor for Technical Product

Designers and interns. Generations of young professionals have benefited from his technical expertise and hands-on experience.

30 Years of Change and Progress

Today, Braunform's production facilities and offices reflect a world of advanced manufacturing technologies, digital processes, and international customer projects. Thirty years ago, the working environment looked entirely different. This makes it all the more impressive that both anniversaries have successfully accompanied and embraced this transformation over the decades, continually taking on new challenges and responsibilities.

“Thirty years of service is anything but ordinary. Sandra Wagner and Jörg Müller embody reliability, experience, and a willingness to embrace change. We sincerely thank them for their dedication and long-standing commitment to Braunform,” says Pamela Braun, Managing Partner of Braunform GmbH.

Braunform GmbH warmly congratulates Sandra Wagner and Jörg Müller on this remarkable milestone and looks forward to many more years of successful collaboration.

Braunform at a glance

Braunform GmbH was founded in 1977 by the Erich Braun family in Bahlingen a. K. / Germany and is one of the world's leading partners in the field of plastic mold making today. The company develops and manufactures high-precision injection molds that enable customers to manufacture sophisticated products efficiently and reliably. What began as a regional family business is now a global partner, particularly for the pharmaceutical industry. Using state-of-the-art technology and highest precision, the company designs and manufactures injection molds that enable the production of pharmaceutical products – thereby contributing to improving the quality of life worldwide.

With over 30 years of experience in the pharmaceutical and medical market, Braunform has established itself as a reliable partner for these highly regulated industries. A unique selling point is the company's own MED Mold® standard – a quality promise for maximum precision and cleanroom suitability. Another unique selling point of the mold making division is the production of pharmaceutical technology in its own cleanrooms in accordance with GMP C and D. Braunform GmbH is currently managed by Ms. Pamela Braun (Managing Partner), Mr. Emmanuel Foyer (Managing Director) and Joachim Stiller (Managing Director). With around 370 employees, Braunform is a major employer in the South Baden region and stands for sustainable growth, technological excellence and social responsibility.
